VoiceThread Assignment for Immigration Course

In this course, you have learned about the experiences of immigrants and refugees, as well as the characteristics related to the immigration process including risk and protective factors. Post three images that demonstrate the experiences of the main immigrant or refugee character of the novel you are reading for the course. The images should represent the character's experiences at the individual, community and societal levels. Provide an assessment of each image and support your observations with the course readings or peer-reviewed research.

Guidelines:
- Complete assignment with your novel partner
- Only post one Voicethread and include both students' names in VT title
- Create a 3- minute Voicethread
- Identify three images
