Associate Dean of Academic Affairs

The Ohio State University College of Social Work invites applications for a tenure-track faculty position to serve as our Associate Dean of Academic Affairs beginning summer 2019. We are recruiting exceptional candidates with a preference for demonstrated administrative experience, in addition to an established record of research and scholarly activity. We seek candidates committed to excellence in social work pedagogy and creating educational environments that are supportive of diverse populations. The college offers a host of innovative program options at the undergraduate, MSW and PhD level, including traditional and online formats.

The Associate Dean of Academic Affairs holds primary responsibility for ensuring a high-quality educational experience for students at the Columbus campus and in collaboration with the four regional campuses. The Associate Dean of Academic Affairs reports to the Dean, oversees the BSSW, MSW, Field Education and PhD programs, supervises program assessment and ensures an innovative, rigorous curriculum that is responsive to the needs of the practice community.

Competitive candidates will be eligible for tenure at the Associate Professor or Professor rank and possess an MSW and a PhD in social work or related field, along with substantial administrative experience in higher education. They will promote the development of a shared vision of academic excellence and demonstrate excellence in research, teaching and mentorship.

The Ohio State University recognizes that diversity and inclusion are the foundation of our excellence, and the College of Social Work understands that our strength rests in part on the diversity of our faculty, staff and students. We therefore encourage applicants whose backgrounds, experiences, knowledge and talents will promote an inclusive culture where diversity and social justice are central to our mission.
