[Collecting Data Related to Sexual Orientation, Gender Identity, and Gender Expression \(SOGIE\) from Youth in Transitional Living Programs \(TLPs\)](#) [Summary]

This Needs Assessment is based on 27 focus groups conducted between September and October 2014. The focus groups were held at nine transitional living programs (TLPs) located around the United States selected based on their diverse demographics. At each of the nine sites, separate focus groups were conducted with LGBTQ youth who currently were, previously had, or potentially would receive services from the TLP, direct service providers at the TLP, and /or TLP administrators.
